Week 6

## Principal's Report Jennifer Abel

This week I had the joy of joining the Merri class for a Teddy Bears Picnic. It was wonderful to see all the children dressed in their Pyjama's holding their favourite Teddy. We played fun games and sang songs.

# Principal's Report cont

The staff are extremely excited to welcome back our P-Year 3 students next Tuesday and Years 4-6 on Tuesday 9<sup>th</sup> June, after the long weekend.

Parents, please make sure that you read carefully the attachment sent out through email Monday, with the return to school guidelines. I have also attached the document again to the newsletter.

Please remember the students will need to bring back their school books, ipad and a drink bottle.

## **Cleaning and sanitizing the school**

Prior to the students returning back Tuesday, the school will have a deep clean and all surfaces sanitized. This will also include the playground equipment. Throughout the day, cleaning will continue disinfecting 'high touch' surfaces.

The students and teachers will wash and sanitise their hands frequently throughout the day.

Learning will be taken outdoors when possible.

**More details are outlined in the attached transition back to school document.**

## **Health and Wellbeing during the Transition back to school process**

Never has it been more important to be kind, considerate, compassionate and patient with each other. Your physical and mental health, and the physical and mental health of your children, is of utmost importance to us.

As the children prepare to come back to school, they may feel excited to see their teachers and friends, however some children maybe fearful and anxious.

Attached to this newsletter are some useful resources.

The classroom teachers will begin to transition and prepare the students ready to come back to school in the week prior. Vonn, our Student Welfare Officer and I, are available to offer assistance and support if you and/or your child need it. Please do not hesitate to contact us.

## **Volunteer Week**

This week, we acknowledge and thank the many volunteers who are a part of our school community and assist us in so many ways. School won't be the same without welcoming our many helpers into the classrooms and around the school, as we transition back to face to face teaching and learning. We do hope that we can welcome you all back soon.

Last week Resource Smart Schools announced their 2020 Schools Awards. We are excited that after more than 50 nominations, Michelle Verneux was chosen as one of four finalists for the School Community Volunteer of the Year Award.

Over the past four years Michelle has outstanding lead the Sustainability Team and the Resource Smart Schools program at Aireys Inlet Primary School. She has diligently developed policies and practices in the areas of Energy, Waste, Water and Biodiversity. We have already obtained our 2 Star Certification and are well underway to receiving our 5 stars in 2021. On behalf of the school community, I thank Michelle for her tireless work, and wish her the very best when the winner of the award will be announced at a special presentation on June 5th June.

## **ALL YEAR 6 PARENTS re: YEAR 7 SECONDARY SCHOOL PLACEMENTS FOR 2021**

**Thank you to the parents who have completed and forwarded these back to the school.**

All our Year 6 Parents have recently been emailed the "Application for Year 7 Placement 2021" form. These enrolment forms need to be filled out by all the Year 6 parents even if your child is attending a Non-Government school in 2021. If you are having difficulty printing off or scanning these enrolment forms, the school office is opened on Wednesdays only. If you need some help please come in and pick up a hard copy of the enrolment forms from the school office on a Wednesday. We need these enrolment forms to be filled out and returned ASAP. If you are able to, you can email them straight back to my email address:  
Cheryl.Bourke@education.vic.gov.au.

**Thank you to the parents who have completed and forwarded these back to the school.**

**Many thanks Cheryl**

Building a WALL for HUMPTY  
Then Counting how many blocks it took.....

Merri (P/1) cont.

# Maths in the HOME

Word of the week: DIVERSITY

## Yaluk (2/3) Gina Coad

We're almost half way through the term and it has been a very strange journey. The digital technology skills of children, parents and myself have improved vastly as we have learned how to find our way around Seesaw as a home learning tool and use Webex as a meeting venue. Most children seem to have embraced learning in this way and here is a selection of what the Yaluk students have been producing at home.

Once again our inquiry unit has been the source of great creativity.

After watching some professionals on Youtube, Jamie experimented with making his own shadow hand puppet show. He set this to music and his transitions were amazing! Great job, Jamie.

Rayson set up a very professional looking shadow puppet theatre. He performed a whole show about a poor unfortunate man who suffered a tsunami and the landing of a space ship. The aliens were extremely unfriendly the man did not survive them!

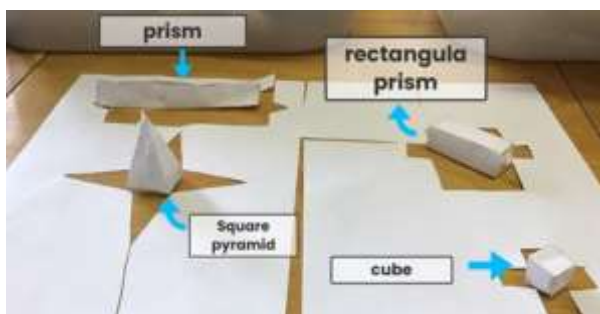

## Yaluk (2/3) cont.

Oliver has built a new space ship for the aliens in our class shadow puppet play to return to their own planet, after they crash landed theirs on Earth.

### MATHS

In Maths we did a unit on shape and many students worked hard to make some 3D models from their own nets, some provided as examples or that they found on the internet. It's always tricky trying to work out where to put the tabs and then making them stick! Here are some examples from Oliver and Nina.

Lastly, the disco on Tuesday was the inspiration for this drawing from Jamie. Our student leaders have done a great job providing motivation to move in different ways. Thank you!

**On Friday we put our persuasive writing skills to the test and tried to convince readers to try our favourite local take away foods.**

The juicy chicken was tempting me. The classic chicken burger from the Aireys Fish and Chips shop with bacon is heavenly when eaten. The juicy tender chicken with the salad and crispy bacon makes for a perfect meal when you don't want to cook. Plus with the chips from the shop makes it even better. So next time you are ordering takeaway go to the Aireys Inlet Fish and Chips.

     By Amelia

I like Pizza  my favourite pizza is Hawaiian. Pizza the taste of all different types of toppings the cheese  melting in your mouth the pineapple  makes it sweet like lollies and ham  is salty. The pineapple is sweet and then is salty together they taste excellent!

By Eric

The food I love the most has a giant, thick and crusty base. It is topped with a silky, smooth and delicate tomato paste. Then there is something delicious, something I think everyone loves: the worlds cheesiest cheese that tastes like food that is made for the gods! I think you should go to Truffles in Aireys and get the World's best cheese pizza!

By Jude

## Warri 4/5 cont.

Can of baked beans. taste 7/10 nice beany flavour with some herbs to absolutely delicious. cost 10/10 inexpensive for the taste and nutritious beans. shelf life 10/10 they can just sit in store without anything special waiting to be picked off the shelf can also be used in nuclear explosions. overall a can of heinz baked beans is the best takeaway food.

By James

Everyone should definitely try Aireys Inlets Captain's pizza! don't you want to smell that aroma of it's cheese, feel the soft puffy crust of the pizza, seeing as what looks like came from up above, hear the pizza calling out eat me eat me and finally taste what's made of pure gold. If your not convinced your crazy rejecting the best quality pizza in town not to mention how delicious it is. If you've heard people say it's great well they're right, don't agree well have you ever thought that some people are spontaneous when it comes to food and some are not, do you want to be one of the people who never try anything new?

By Toby

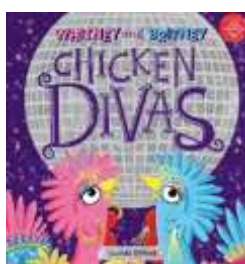

# National Simultaneous Storytime – 27th May

This year NSS takes place on **Wednesday 27th May 2020 at 11.00am**. **P-3** will be joining from school and **Year 4-6** possibly from home. The book we will be sharing with students far and wide is 'Whitney and Britney Chicken Divas' written and illustrated by Lucinda Gifford. Everyone can join NSS, it doesn't matter whether you are at home, at school or even a public library! and addresses key learning areas of the National Curriculum for Foundation to Year 6.

## Overview

National Simultaneous Storytime (NSS) is held annually by the Australian Library and Information Association (ALIA). Every year a picture book, written and illustrated by an Australian author and illustrator, is read simultaneously in libraries, schools, pre-schools, childcare centres, family homes, bookshops and many other places around the country. Now in its 20th successful year, it is a colourful, vibrant, fun event that aims to promote the value of reading and literacy, using an Australian children's book that explores age-appropriate themes, and addresses key learning areas of the National Curriculum for Foundation to Year 6.

## ‘Whitney and Britney Chicken Divas ‘

"Whitney and Britney are two gorgeous chooks who live alongside Dora von Dooze. But Dora is perplexed - why do her dear chickens seem to sleep all day long? Dora decides to snoop. She follows the chooks out at night to the local jazz club where she discovers, to her amazement, that they are Whitney and Britney: Chicken Divas!"

## LOCAL COMMUNITY— Local Businesses which are still open.

Find below a list of Aireys Inlet Business that are still open or are providing services during this unusual period of time. Please support our local businesses in any way that you are able. Every little bit helps.

## Our Solar System

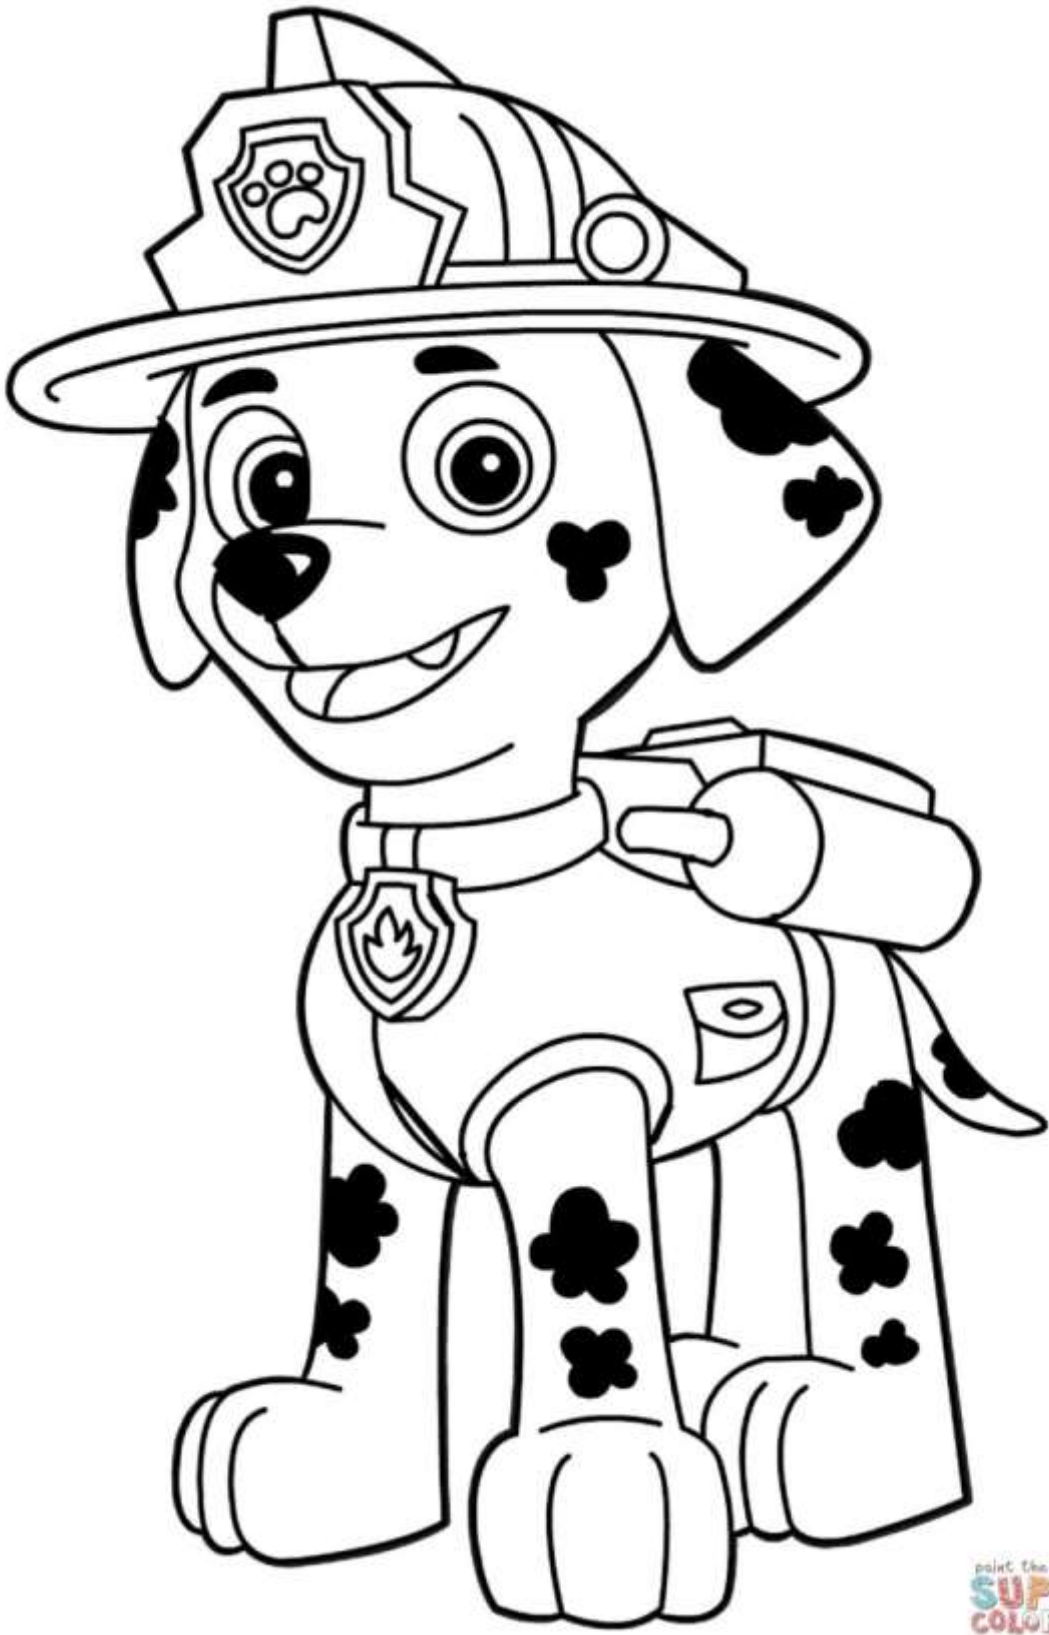

### ACROSS

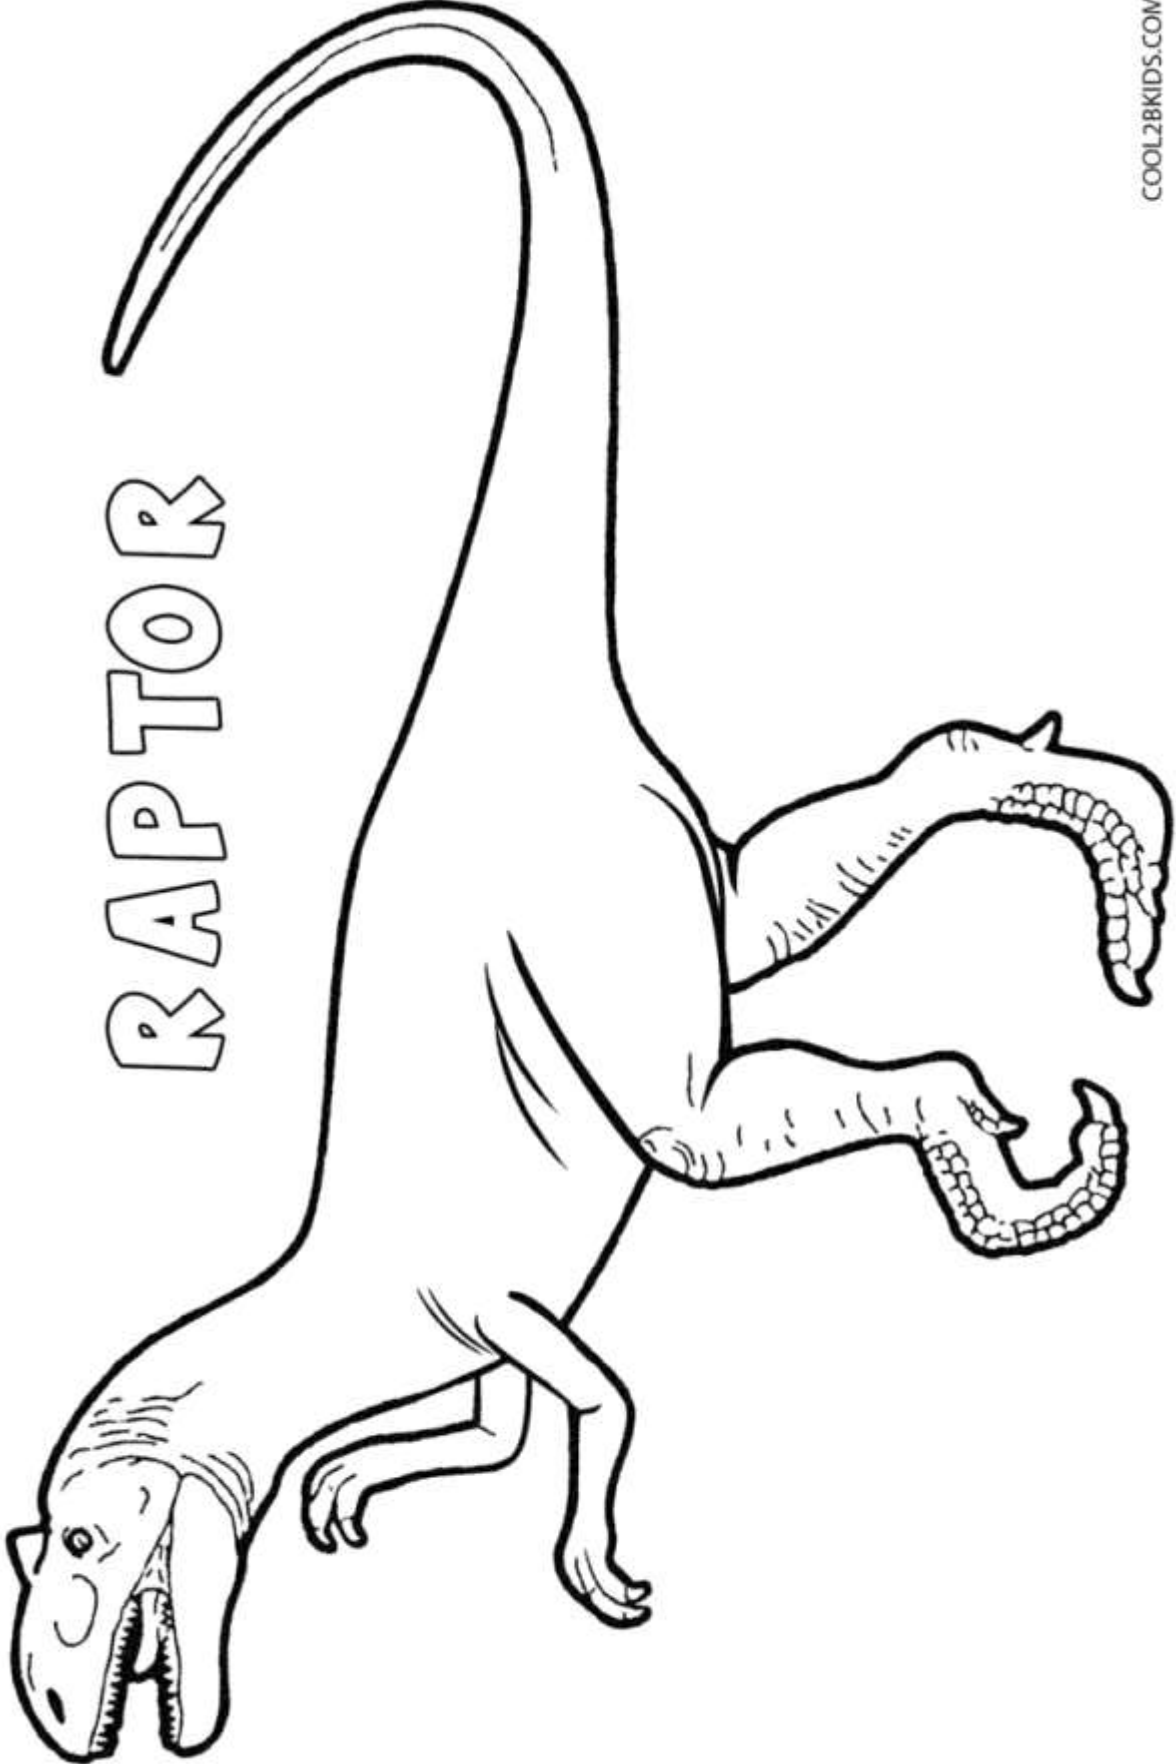

1. Planet named after the Roman goddess of love and beauty
3. Our solar system is part of this galaxy
6. Nicknamed "the red planet"
7. Third largest planet in our solar system
11. Now called a dwarf planet
12. Covers 70 percent of the Earth's surface
13. Largest planet in our solar system
14. Planet closest to the sun

### DOWN

2. A star and the planets orbiting around it
4. Layer of gas that surrounds a planet
5. Planet named after the roman god of agriculture
8. Planet furthest from the sun
9. Closest star to Earth
10. Force that keeps a planet moving in orbit
